Dear Mr Smallbone

I refer to your two letters dated 29 July 2014 concerning your application for silk.

The President, having considered those letters, has asked that I reply, as is the usual practice.

As I advised yesterday, clause 17 of the Senior Counsel Protocol refers specifically to the President having the discretion as to whether late applications should be considered. This is not a matter for the Bar Council.

Your late application was treated in the identical way as the other that was lodged late.

I again return your application. It has not been copied.

Yours sincerely

P A Selth
Executive Director
